Prot. N.: A-MBSR-NC-0056 del 7.04.2010.

Oggetto: Incontro con il General Manager di AFCEA Europ, Commodoro Robert Howell.

Preg.mo Professore,

il Commodoro Robert Howell ha ringraziato per la squisita ospitalità e soprattutto per l'alto onore che Ella ha voluto riservargli nell'occasione: "Dear Professor Capasso (or Michele if you will allow), It was a delight to meet you last week and I apologise that it is only now I am back at proper keyboard that I can express my gratitude fully. I thoroughly enjoyed our conversations and the honour you afforded my by your company, especially in joining you in raising your national flag as well as the EU and the Foundation's flags. I cannot tell you the pleasure that I have already had by reading the book that you so generously presented to me (...) I was very content to join in the signing of the agreement with the Foundation and look forward to working with you to promote the aims of the Foundation and AFCEA. It will be a great pleasure to meet with you in the future and I have pencilled in 3 October. Thank you again for your great kindness, Yours sincerely, Robert Howell General Manager AFCEA Europe"

Con questi sentimenti di stima e riconoscenza unisco i miei personali ringraziamenti a quelli dei soci tutti, auspicando una lunga e proficua cooperazione internazionale, a sostegno di tutti gli "architetti della Pace" .

Cordiali Saluti
